### Luxury Vehicles

We have a wide range of luxury vehicles, including Cadillac XTS, Mercedes S Class, Cadillac Escalade, Lincoln MKT Stretch, Rolls Royce Phantom, Executive Sprinter, Motor Coach for 38 passengers, Motor Coach for 57 passengers, and Limo Sprinter.

### Our Services

We also offer chauffeur services for all our customers. We believe a chauffeur is a direct representation of our limo company and principles. As such, we put a lot of effort into finding and training the most qualified people to be a part of our chauffeur network. We do our best to ensure our customers' experience with our company is as pleasant as possible.

### Booking a Limo

It is effortless to book a limo service at our company. You can start by selecting the type of service you require. You can choose from 6 options that show up in the dropdown on your screen.

We also offer VIP services where the chauffeur meets you in the airport.

Once you choose the service type, you have to give the pickup time, date, and the preferred location for the pickup. If you have to pick up friends on the way, you can also add a stop on the way.

Once you have given us the date and time, you have to update the number of passengers you need the luxury limo or vehicle for. This number can range from one person to 50 people. You can pick the vehicle depending on the number of passengers and luggage you have. If your group has more than 20 people, you will have to book a motorcoach.

We also have a disabled person option because we believe everyone should get to enjoy our luxury services. You can select this option if you need an accessibility option in the vehicle.

Our chauffeur will pick you up at the time you select. Worldwide Limo offers two kinds of pickup services - the driver waits for you inside the airport terminal at the baggage claim or a curbside pickup at the airport. If you choose to meet the driver at the baggage claim, you will have to pay an extra charge for the driver to wait for you for up to 15

~~minutes. If you choose the airport curbside pickup, you can inform the driver where he/she needs to pick you up outside the terminal.~~
